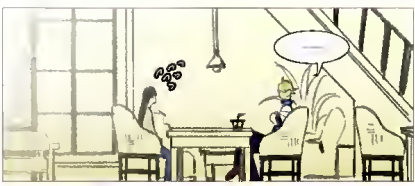
Uhhh...



Pfft

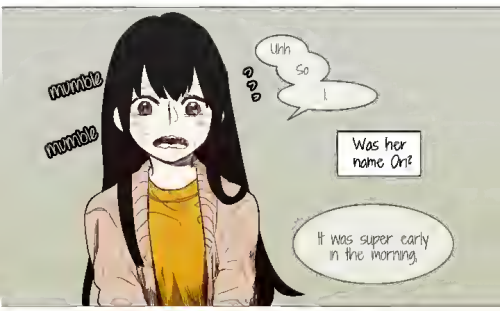
I'm so sorry...

annoyed

So that's

the kid..

that Grandfather liked so much, huh?



and I didn't know there was someone behind me, so I was really scared...

Is this really the story Grandfather liked..?

So,

What do you need me to help

out with?

I want to meet and talk to her
?
Pic
Tip

What made you decide on that all of a sudden?

.....

I didn't think that the last story Grandfather wrote...

would be linked to that story at all...

sigh~

If I knew from the beginning...

sniff sniff

I was often called "ugly duckling" as well...

What the hell...?

Ah

That aside

she's the kid Grandfather made?

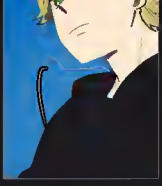
He must've changed his mind about this story...

Ah...

You're talking about the book Master liked right?

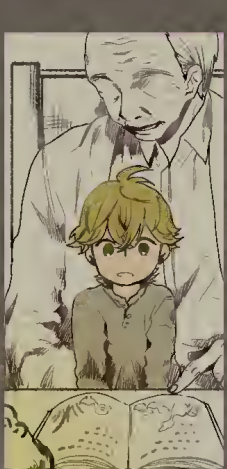
Of course.

Could it be...
love at first sight..?



I just want to know about...

Before he passed away,



When I was young he

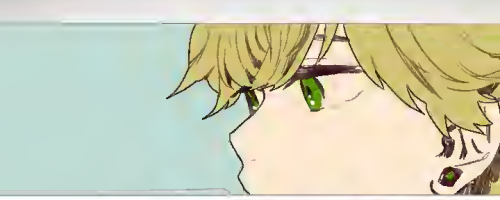
When I was young, he used to tell me this story again and again...

Grandfather was really focussed while he was reading that story

While he was reading it he laughed like a child

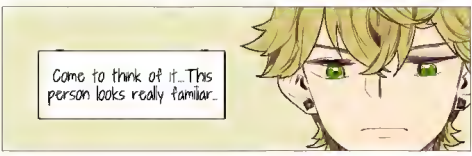
and really enjoyed himself

The main character of the



story he liked so much...

It...



Looking closely at him...

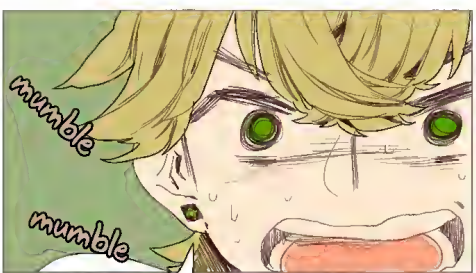
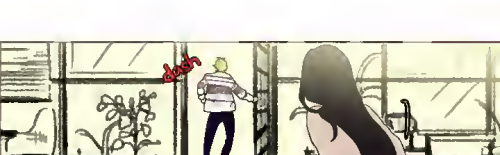
Wh...
Wha...
What the hell do you mean?!!

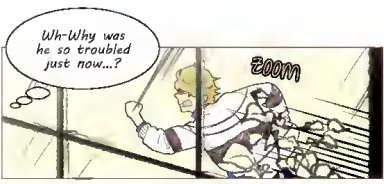


You hit me and
all of sudden, you recognize me? Did you expect me to forgive you just like that?

Don't mess around and just apologize to me!
Now!



.....



Wh-Why was he so troubled just now...?
Zoom

Also,
I could've sworn I saw him at the crossroads...

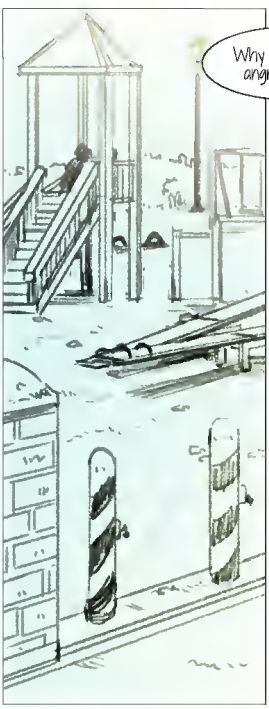
At the traffic lights

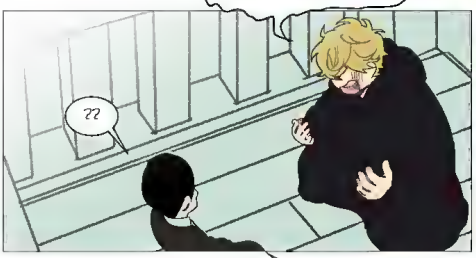
Hey!!

What the hell is this!!



Because of you, I got hurt!!

And that girl said some strange things!!



What do you mean??

Grrrrrr-Ah!

Are you messing around with me?!

That girl Ori met me just a moment ago!

I met her for the first time,

yet she said she saw me before!

Are you sure she wasn't mistaken?

How does that make sense? She recognized me!!

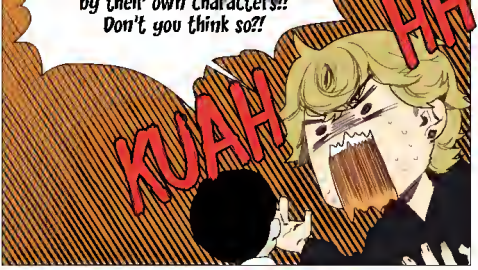
Who cares if she saw you or not~

Calm down~

What the hell do you mean, "who cares"!!

The ones who write the story shouldn't be looked upon



Ahaha...

You keep trying to change the topic

Are you sure you're not hiding something?

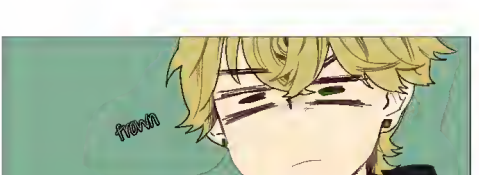
Mmm...

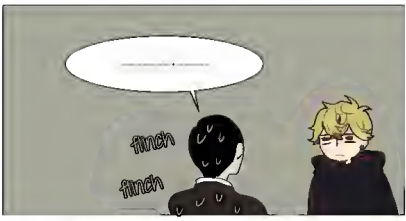
Well~

I don't know how to write stories myself,

so I just play the supporting role

How could I *possibly* have any idea about what you guys write?





Sigh..

I was planning on telling you after the story had progressed a little further.

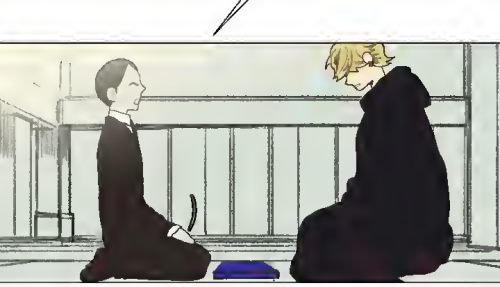
But the situation calls for me to reveal the truth now.

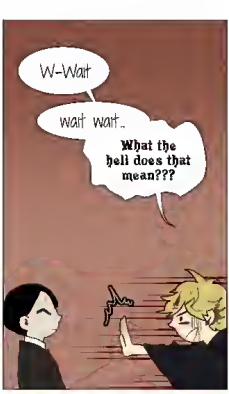
..!

That's Grandfather's book...

Truthfully, this story isn't incomplete.



It was completed from the very beginning



The teacher told me that he had a reason for writing this one.

He told me that he wanted to show you something, Beril-nim.

Ugh..?

Really? Me?

So I felt that telling you the story...

would spoil the ending, so I had to lie in order to get you to progress further

Ding.....

That aside,

Master had one more present for you, Berli-kun.

...?

The reason that child was able to see you

was because of the present that Master left behind

..A Present?

Cafe.

I closed it properly... This should be fine, right...?
roll
roll
The owner already left

clung

Sunday...

and then school...

I ran away from home.

What should I do...?

That present is

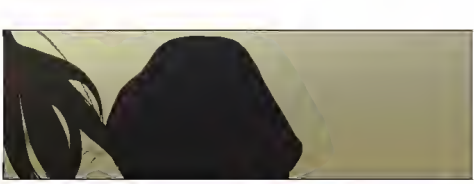
for you to be included in the story

that he had written

Now the story has all the characters in place

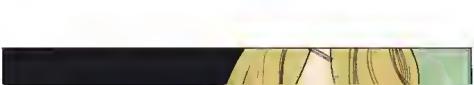
Sigh.

I'm a character in this story...



Master wanted to show you something.

even if he had to resort to measures like this.



So I think you should consider being a good grandson

and follow the story

with your heart
and mind in place..
